Sir:

Transmitted herewith in the above-identified application is a Replacement Formal Drawing Sheet (1 sheet, Figure 1(a)-1(r)).

As noted in the Request for Continued Examination filed on September 30, 2005, Figure 1 as it appeared in the originally-filed application, was inadvertently reversed at the time of filing. Hence, the leaf explant that is depicted in the top left-hand corner of the original filing, namely Figure 1 (a), actually should be Figure 1 (r); and, likewise, Figure 1 (p) of the original figure, should be Figure 1 (c).

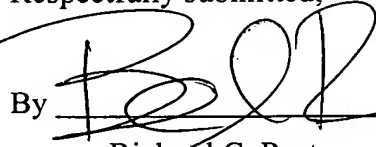

Having recognized this inadvertent transposition, Dr. Bhattacharya provided in Exhibit A of her declaration filed with the RCE of September 30, 2005, the properly oriented version of Figure 1, which is identical to Figure 1 of the originally-filed application, save for its orientation. A formal replacement sheet is enclosed herewith, which is in full compliance with 37 CFR 1.84 and 37 CFR 1.121.

The Official Draftsperson is respectfully requested to approve this drawing sheet for entry into the application.
